

DRIVE CLEAN WITH AN ELECTRIC VEHICLE

It's well known that driving electric helps the environment. But did you know Marin now has more electric vehicle chargers than gas stations? Or if you drive an electric vehicle, you can enjoy significant savings through federal, state, and local programs?

Let's face it – it's quickly becoming more convenient and cost-effective to drive electric in Marin.

We've compiled a list of resources, benefits, and ways to save at marincommutes.org/drive-clean. Visit the website to:

Find out where charging stations are located.

Calculate what statewide rebates you are eligible for (and how much cash you'll get).

Learn about federal, state, and local programs that save money whether you buy or lease an electric vehicle or plug-in hybrid.
