

# GET A FREE EMERGENCY RIDE HOME

---

When you walk, bike, carpool or take transit to work in Marin County, you're covered with a free emergency ride home!

**Emergency Ride Home** is for anyone who works in Marin County and commutes by any means other than driving alone. No pre-registration required. For example, imagine:

- You've biked to work, but **your bike gets a flat tire**.
- You take transit, but **have to work late and miss that critical connection** to get home.
- You carpool, and **get a call that your child is sick** and needs to come home from school.

**No problem.** We know that things happen, and we're there for you when it does. With ERH, each Marin Commuter can receive up to \$125 for a trip and up to \$500 per year in complimentary rides.

## HOW IT WORKS:

---

- 1 You get to work and an unexpected situation arises
- 2 Catch a quick ride home via taxi, Uber, Lyft, or equivalent transportation service
- 3 Fill out a reimbursement form online (5 minutes or less to complete, we promise)
- 4 We pay you back for the trip!
