

GET A FREE EMERGENCY RIDE HOME

When you walk, bike, carpool, or take transit to work or college in Marin County, you're covered with a free emergency ride home!

Emergency Ride Home is for anyone who works in Marin County and commutes by any means other than driving alone.

Imagine a situation like this arises:

- You've biked to work, but your **bike gets a flat tire**.
- You take transit, but **have to work late and miss that critical connection** to get home.
- You carpool, and **get a call that your child is sick** and needs to come home from school.

No problem. We know that things happen, and we're there for you when it does. With Emergency Ride Home, each eligible commuter can receive up to \$125 for a trip, 4 trips per year, and up to \$500 per year in complimentary rides.

HOW IT WORKS:

- 1 You get to work and an unexpected situation arises.
- 2 Catch a quick ride home via taxi, Uber, Lyft, or equivalent transportation service.
- 3 Later, fill out a short reimbursement form online. No pre-registration required.
- 4 We pay you back for the trip!
